SDD-003-004.002	Functional Specifications	WS	Generic Client Use	ABB (free)	Generic Functional Specification Document.
<p>All documents in this set were prepared by Wimmer Systems, and the initial version (SDD-003-XXX.000) are the signed off paper versions developed and released to ABB by Wimmer Systems.</p> <p>These documents have Wimmer Systems approval signatures and can be requested in scanned PDF form if needed.</p> <p>ABB provide a modified version in which the author has been updated to Wimmer Systems, and the approval boxes are left blank for ABB or client signatures. They are supplied in PDF format. ABB recommend you use these PDF versions and sign of the specifications internally. If you require a vendor signature, we are happy to supply them to you in paper form.</p>
